Thomas Watson bought Lot 14, Concession 12, St. Vincent Township, ^{5 1/2} 100 acres on Oct. 17, 1865 from Isaac A. Rudy for \$1200. He sold part of this land to his son John in Oct. 1, 1881 for \$1600 + another part to his son George on Jan. 12, 1883 for \$100.

George's family lived on this land; his children attended St. John's school.

* The age next birthday can only be read as possible age. A lot of the older people did not seem to really know how old they were, because in 10 years between censuses, they may increase in age, for example, 6 years or 13 years. William + George Watson are listed as going to school. John Watson is listed as over 20, unable to write.

1881 Census

Only George + Cicelia are listed as being at home with Thomas + Susanna.

There was another girl in Grandpa + Grandma Watson's family. She was Sarah Watson + she married Ben Silver. Her family has all passed away - maybe some grandchildren still living. She was one of the oldest
