My interpretation: Anna Hughes is deceased. John + Mary Ann are married, although they are shown as single - why is a question. Hannah's husband, George Snyder, is deceased + she has returned to her father's home with her son, Ed. Suzanne is not shown here - perhaps she has already married Thomas Watson + moved to Meaford. The census-taker was told they were one family, but John + Mary Ann are married + have two children, James A. + Melissa.
